E D I T I O N

April 2011

## Pray for:

1. Sue's meetings in our home with other cross-cultural workers to be helpful
2. Fruitful teams that are effective in planting churches
3. New missionaries to be equipped and ready to be sent out
4. Good memory-building times with family
5. Opportunities to witness in our community
6. Wisdom for Don in his leadership role

## Indonesia

We are thankful for our two-week trip to Bali, Indonesia. The first week we visited our team there and praise God for their fruitful work. The second week we networked with other agencies planting churches among least-reached Muslim people groups. It was especially encouraging to compare notes with people from India, Korea, Indonesia, Philippines, Latin America, Europe, and Pakistan, all with the same desire to see churches planted around the world! Praise God.

## India

Seven women who work across cultures came to our apartment where Sue led a discussion on balancing roles. She gave them a CD resource from our own agency called "A Woman's Touch" that they clearly appreciated. Next month we will meet again to discuss fruitful practices of teams, one of the themes from our conference in Bali. It is fun to share with them American treats. Last time she shared M&Ms. This time it will be Reese's Cups!

Steve and Beth Coffey, our International Director and his wife, visited us in April. We took them to see an outreach to young people from India and Africa. Indian bands led a lively time of worship followed by a gospel presentation and then a spirited musical performance by Congolese men and women. Wow! Praise God for lives being changed by the love of God and the preaching of His word.

Don completed the year-end church planting report. It was encouraging to see all that was accomplished yet challenging to discover what we could be doing better. Pray for him as he seeks to challenge our church planting teams in the coming year.

## Indiana

Well, not specifically Indiana, but the States. (Indiana goes better with Indonesia and India.) God willing, we head to the US May 17. Sue speaks at a women's retreat the first weekend we are back. We both plan to go to a conference in Chicago on globalization in missions. Then we head to Dallas June 5-18 to help train new missionaries joining Christar. We expect to stay a few extra days in Dallas and would love to see you if you are in the area. Our cell numbers in the States are 610-413-2893 (Sue) and 484-529-3972 (Don). We hope to take some vacation time with Steve, Emily and girls in Houston the last week of June. We head back to India sometime early in July.

We praise God for his faithfulness. We are also deeply grateful for your partnership with us in ministry. As we partner together, let's continue to pray that his name will be honored among all nations.

*Don & Sue*
